Plant Sale

Our annual plant sale was held on Saturday 17th May, and what a successful day we had.

Even the sun came along to join in the fun.

Our volunteers, participants and staff have been working hard to produce over a thousand plants alongside a large number of ready to go planters.

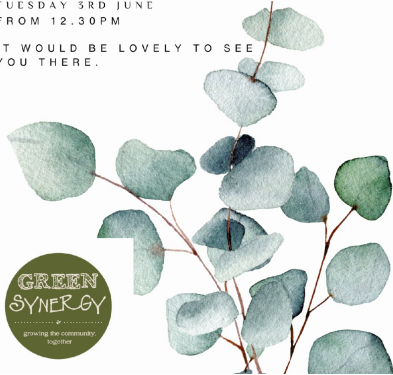

We had a very busy morning and although it did quieten down around lunch, there were big gaps to be seen where we had sold out of some species.

If you didn't manage to get to the event we do still have some plants available, please message us on info@greensynergy to arrange a time to come and view.
